

ETHIOPIA GUJI

Producer: **Ismael Hassan** Farm: **Kayon Mountain** Region: **Shakiso**
Process: **Natural** Variety: **Heirloom** Altitude: **2000 m** Certified: **Organic**

Ethiopia Guji is a classic in our assortment that is loved by many. This year's harvest is as lovely as usual, with flavours of strawberry, vanilla and cocoa.

ISMAEL HASSAN, KAYON MOUNTAIN COFFEE FARM

Ethiopia Guji comes from a large privately owned farm in eastern Guji. In Ethiopia, it is unusual to have coffee from a specific place. A lot of coffee comes from process stations that receive coffee from many small-scale farmers. Kayon Mountain has been owned by Ismael Hassan since 2014 and today covers about 200 hectares at almost 2,000 meters. Ismael continuously invests in the farm and has worked hard to constantly improve the quality.

We are a group of friends that founded Johan & Nyström with the vision of a better coffee world. Our mission, then and now, is to convey our craft and to roast tastier, more fun and sustainable coffee.
